\*The two year-old **Grecootel Cape Sounio** ([www.grecootel.com](http://www.grecootel.com)) focused its efforts on UK buyers with its own fam trip last October. The property is set in a forested estate on the edge of the Sounio National Park, around 40 miles from Athens. Accommodation options include 154 bungalows, cabanas and villas with views of the Temple of Poseidon. "This is another resort-style property based outside of Athens, but easily accessible," says Vantage Point sales manager Frances Green, who was on last year's fam trip. "It would certainly work as an incentive for smaller corporate groups."
